Letter of Recommendation
Harbour Digital

Schmid Construction, Inc. is a fast growing Commercial Construction firm in Central Florida. With our vast growth over the past several years, it has brought a lot of "storage" challenges. With every project we are responsible to keep all records and manage all of the building documents for 10years. After many storage units and spaces later, I reached out to Harbour Digital. Their Executive Staff came to my office for an assessment. During our first meeting, they made suggestions for electronic storage and developed a plan that would meet both our short and long term needs.

I have been very pleased with the service and attention that I have received from Harbour Digital. I would highly recommend them to anyone who has a need to preserve documents. They are very prompt and professional.
